WINTER WORLD

FROZEN FLEET

[Signature]
2016

TScully and his fourteen-year-old charge, Wynn, are survivors on an Earth that has become a barren, lifeless wasteland. Together they travel across a brutal world in search of Wynn's parents, only to find that the coldest place on Earth is the human heart.

Their search has been sidetracked as the pair help Trina and her previously missing and presumed dead husband, Reynold, find some missing children. After a close call with some local savages, the group has come upon a frozen shipyard whose occupants are of the "shoot first, ask questions later" temperament.
