LIBRARY!!!!

Oh my gosh, Abigail, this is--this is INCREDIBLE.

Is this--OH MY GOSH. A first edition Cecilia H. Payne?! NO WAY!!

You can keep it if you like!

I MEAN I COULD NEVER BUT OKAY

Are you sure we're still going to right way, Barnes?

Brrrrrrr.

Yeah! Look at this. Something with antlers-- something BIG with antlers-- was definitely scraping against this tree.

It looks like they were here within the last few hours.

Yes! You are SO good at this. You're like, the FOREST DETECTIVE.

No way! It's just basic wildlife tracking. I mean, I study this stuff pretty hard, but--

Hey, guys? Our batteries are running low, and Ripley's freezing her tiny butt off.

NO I'M NOT!

We're ALL freezing our butts off. We really need to find shelter for tonight.

But-but Jen needs us!!

We can't help Jen if we're solid chunks of ice lost in a pitch-black forest.

But we don't even have our tents.

Don't worry! I know how to build a snow shelter.

Of course you do.

It may not SEEM too warm, but I guarantee it will keep us cozy!

A+ shelter, Barney!

Yeah, considering it's made out of the exact thing that's actively trying to kill us, it actually IS really cozy in here!

You okay?

Yeah, just... I think Jen was right.

I mean, why didn't Rosie ever teach US any of this stuff?

You can only learn so much from the Lumberjane handbook. We're totally unprepared for all this dangerous stuff that keeps happening. We're expected to DEAL with all of this without any practical skills besides dumb luck.

I dunno about THAT. You guys were brave and smart enough to save us all from Apollo and Artemis. I think the Scouting Lads could learn something from YOU.

Sometimes no matter how prepared you are, bad stuff still happens. I mean, we still got brainwashed, like, immediately. No one was prepared for that.

Hmm, I guess...

We should try and get some sleep.

Poor Jen, all alone out there in the cold...

Hang in there, Jen.

Hahaha! Oh Jen, you are positively a SCREAM!

What a warm and pleasant situation this is!

I didn't even realize how much I missed this...

...Spending a nice quiet evening inside with a good book, no weird mess hall mush, no campers getting into mortal danger every five seconds--

Sigh...I wish I could stay longer.

Goodness, you can stay as long as you want, dear!

In fact, you don't have to go back at all if you don't want to.

...I mean, I DO, actually.
