

**G** ONE HOUR AGO

**G** GIANT'S CAUSEWAY,  
NORTHERN IRELAND

A comic book page with a yellow and green color palette. At the top, a helicopter is suspended in the air, carrying a large log on a crane. The background features a city of tall, rectangular stone pillars. In the foreground, a large, dark, angular rock formation is visible. Three speech bubbles are present: one at the top right, one in the middle right, and one at the bottom right. The sky is a mix of yellow and green, suggesting a sunset or sunrise. The overall style is that of a classic comic book illustration.

SEISMIC READINGS WERE DEAD ON.

CAN SOMEONE PLEASE TELL ME WHAT WE'RE LOOKING AT?

YOU'RE FROM AROUND HERE, CALLUM. FILL ME IN.
