

WASHINGTON, D.C.
(PRE-FORSAKEN)
2035

Greetings,
my fellow
citizens--
>FNZTK<

--things
seem pretty
right
now, don't
they?

We've
known all this
and more
was coming
for some
time--

--haven't
we?

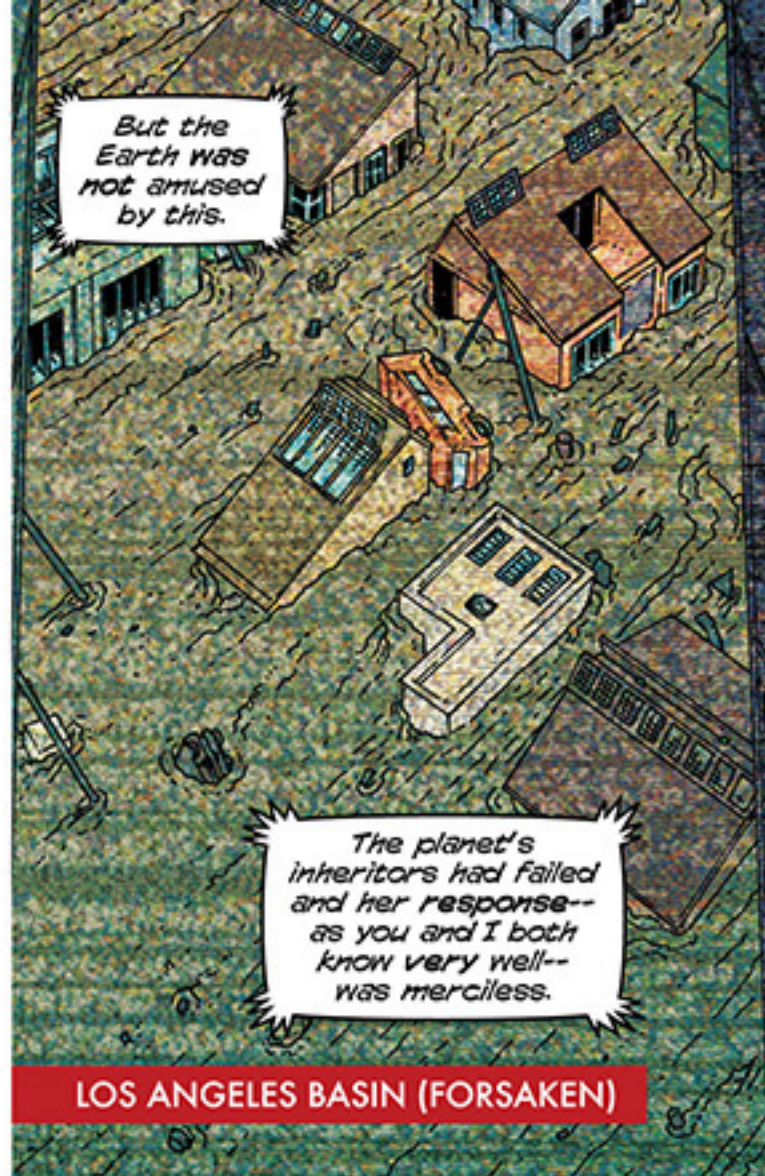

Where first
we moved too
slowly for far too
long to address
the damage
we'd done--

--we'd soon
abrogate our shared
responsibility, allowing
too much by too
many seeking
profit from the
backlash.

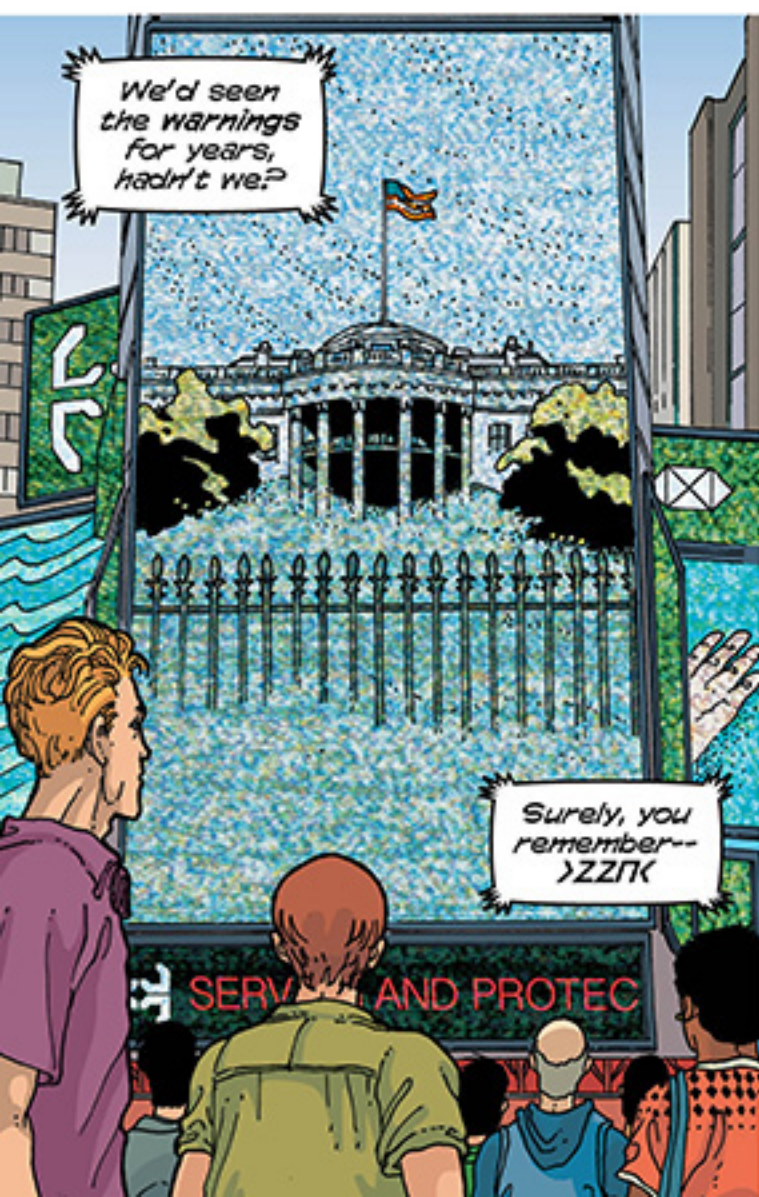

GREATER CHICAGO MIGRATION

But the
Earth was
not amused
by this.

The planet's
inheritors had failed
and her response--
as you and I both
know very well--
was merciless.

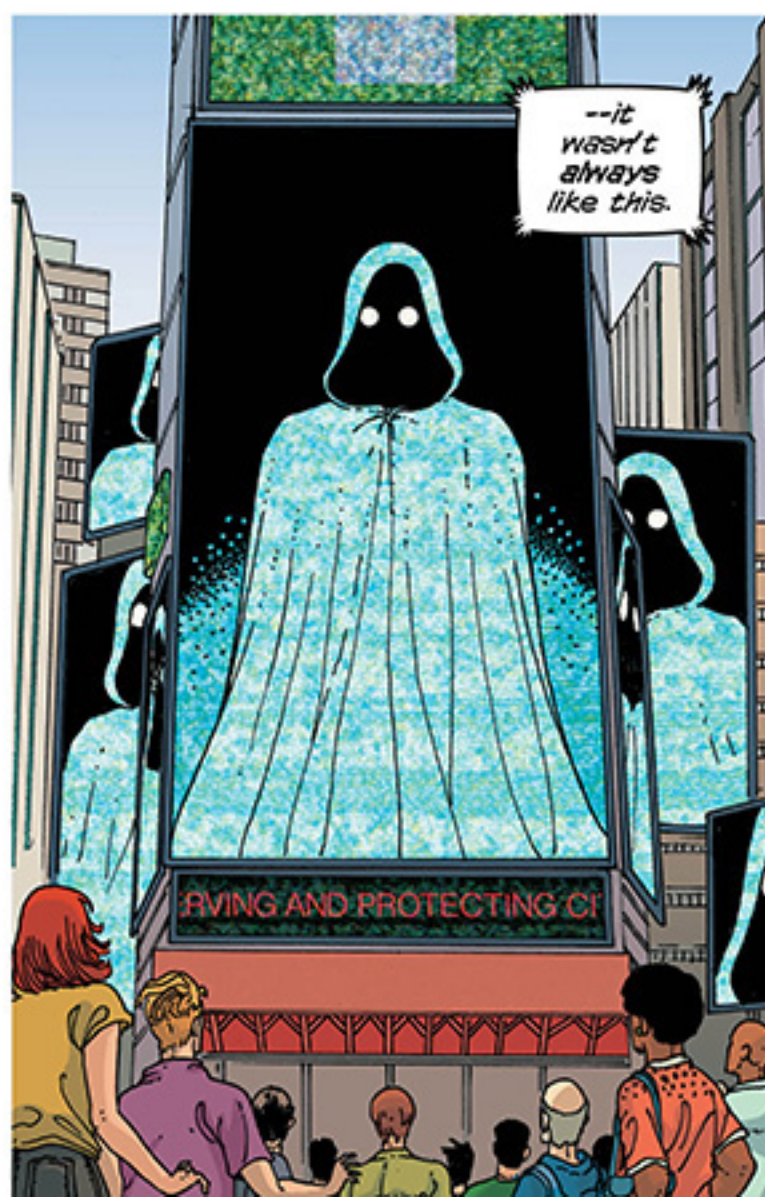

LOS ANGELES BASIN (FORSAKEN)

We'd seen
the warnings
for years,
hadn't we?

Surely, you
remember--
>ZZTK<

SERV AND PROTEC

--it
wasn't
always
like this.

RVING AND PROTECTING CI

**TIMES SQUARE,
OLD NEW YORK CITY
2035**

*Unfortunately,
I'm here to show
you--on such a
lovely day as
this--where you've
been deceived.*

*Washington, D.C.
has been reclaimed,
its conspirators
and collaborators
scrubbed from
its face and
from under its
fingernails.*

*And, so too,
whenever man
seeks haven for
the abuse of his
inheritance--*

PROTECTING CITIZENS

*--wherever he
reestablishes
his fouled nest
of influence--*

*--and attempts
to reassert his
dominion over the
planet we all live,
suffer and
die together
upon--*

*--I shall
meet him
there.*
