

SNIKT!

Laura Kinney was created to be a weapon, but she escaped that life with the help of the man she was cloned from, the man who became her mentor: Logan, known as The Wolverine. Tragically, the original Wolverine has fallen, but Laura will live as his legacy and fight for her better future.

She is **THE ALL-NEW WOLVERINE.**

Several S.H.I.E.L.D. agents disappeared in the recovery of a mysterious and dangerous box, as well as someone hauntingly familiar to Laura's deceased namesake—the figure known only as Old Man Logan.

When Hill ordered the opening of the box, their S.H.I.E.L.D. helicarrier was suddenly attacked—by none other than FIN FANG FOOM! And the location of the missing agents and the old man was suddenly made clear...
