

# MOON GIRL AND DEVIL DINOSAUR

**LUNELLA LAYFAYETTE** gets teased by the kids in her class. They call her **MOON GIRL** and laugh at her inventions. But who needs friends when you have cool gizmos and books? She's just biding her time until she can get into a **REAL** school for genius kids like her.

There's only one problem: Lunella is an **INHUMAN!** Despite many attempts, she was unable to thwart her transformation. However, her new Inhuman powers are still unclear. Lunella emerged from her cocoon normal as ever, with her best friend **DEVIL DINOSAUR** standing guard.

Meanwhile, out in the galaxy, a young Kree boy named **MEL-VARR** is seeking to prove himself to his militant father. The best thing he can think of? Capturing an earth bound Inhuman and bringing it home as a war trophy. He doesn't need a major player – in fact, someone low on the totem pole and easy to capture will do. Young Lunella Lafayette is the **PERFECT** target.

Disguised as a human student named **MARVIN ELLIS**, Mel-Varr infiltrated Lunella's classroom. But before he could enact his master plan, something **WEIRD** happened: Lunella started growling and roaring like a dinosaur!

And what's worse – back in the lab, Lunella wakes up to discover that her brain is trapped in Devil Dinosaur's body!!!
