# BLACK PANTHER

In the aftermath of a rebellion that set change against tradition and a nation against its king, Wakanda is now in the process of forging a more representational government. But just as the country is moving into the future, a threat from its past threatens to upend everything.

King T'Challa has discovered that the gods of Wakanda – The Orisha – have gone missing. And in their absence, mystical portals have been unleashing deadly creatures upon the populace, while torrential rain threatens to flood the country.

Putting a recently rekindled relationship with his ex-wife, Storm of the X-Men, on hold to deal with this crisis, T'Challa has enlisted the help of an old ally – the sorcerer Zawavari, a disciple of Wakandan gods older than even The Orisha.
