

BLOODSHOT

SALVATION

Bloodshot is the perfect living weapon. Injected with billions of microscopic nanites that give him full control of his physiology, Bloodshot has enhanced strength, speed, can repair any injury, and is able to control technology with a thought.

When Bloodshot's infant daughter, Jessie, was dying, he struck a deal with a spirit named Baron Samedi. In exchange for her health and safe return, Bloodshot would have to kill one of the Baron's longtime enemies, a mysterious man who lives in the future year of 4002 A.D.! However, while Jessie was returned safely home to her mother and Bloodshot's partner, Magic, she appeared to have aged by many years...
