STAR WARS

THE SCOURGING OF SHU-TORUN

Part VI

Princess Leia assembled a ragtag strike team to sabotage the planet of Shu-Torun, deal a critical blow to the evil Galactic Empire and bring down the traitorous Queen Trios for good.

Although Trios has fallen in battle and the mission was a success, Benthic and his extremist Partisans, eager for revenge, have taken Leia's plan too far and sabotaged the machine that keeps the world from tearing itself apart, the Spike, ensuring the planet's complete annihilation!

Millions could die. . .and now Leia and her fellow Rebel freedom fighters Han Solo, Luke Skywalker, Chewbacca, Meorti, Tunga and the droids C-3PO and R2-D2 have the Empire to deal with! And the Spike is about to go critical. . . .
