THE HIGH REPUBLIC

FEAR OF THE JEDI

CHAPTER 5: WE ARE ALL

As the Republic makes its final stand against the Nihil on the frontier planet Eriadu, Keeve Trennis and the Stormwall Defense Fleet attempt to stop Nihil reinforcements from joining the fight.

Already overwhelmed, Keeve's beleaguered forces are plagued by nightmarish hallucinations caused by the last surviving Child of the Storm. Sister H'Tar is hidden somewhere in the Nihil armada, a Fear Engine boosting her already formidable psychic abilities.

Under constant attack, Keeve and the crew of the Gios first believe they are facing a gigantic flying Nameless. However, when revealed, the truth is just as terrifying....

IS THAT A
KRIFFING **SCAV**
DROID?

IT CAN'T
BE, **LOURNA**...THE
SIZE OF IT...

K-REESH

IF THERE IS
ONE THING I HAVE LEARNED
THROUGHOUT THIS INTERMINABLE
CONFLICT, **AI-DAN**, IT IS TO **NEVER**
UNDERESTIMATE **MARCHION**
RO OR THE **NIHIL**.

WHATEVER
IT IS, WE WON'T
LAST LONG--

--NOT WITH THAT THING TEARING THROUGH THE GIOS' HULL.

SSKEER, CAN YOU AND THE OTHER VECTORS SCRAPE IT OFF?

IF ONLY THERE WERE OTHER VECTORS, KEEVE.

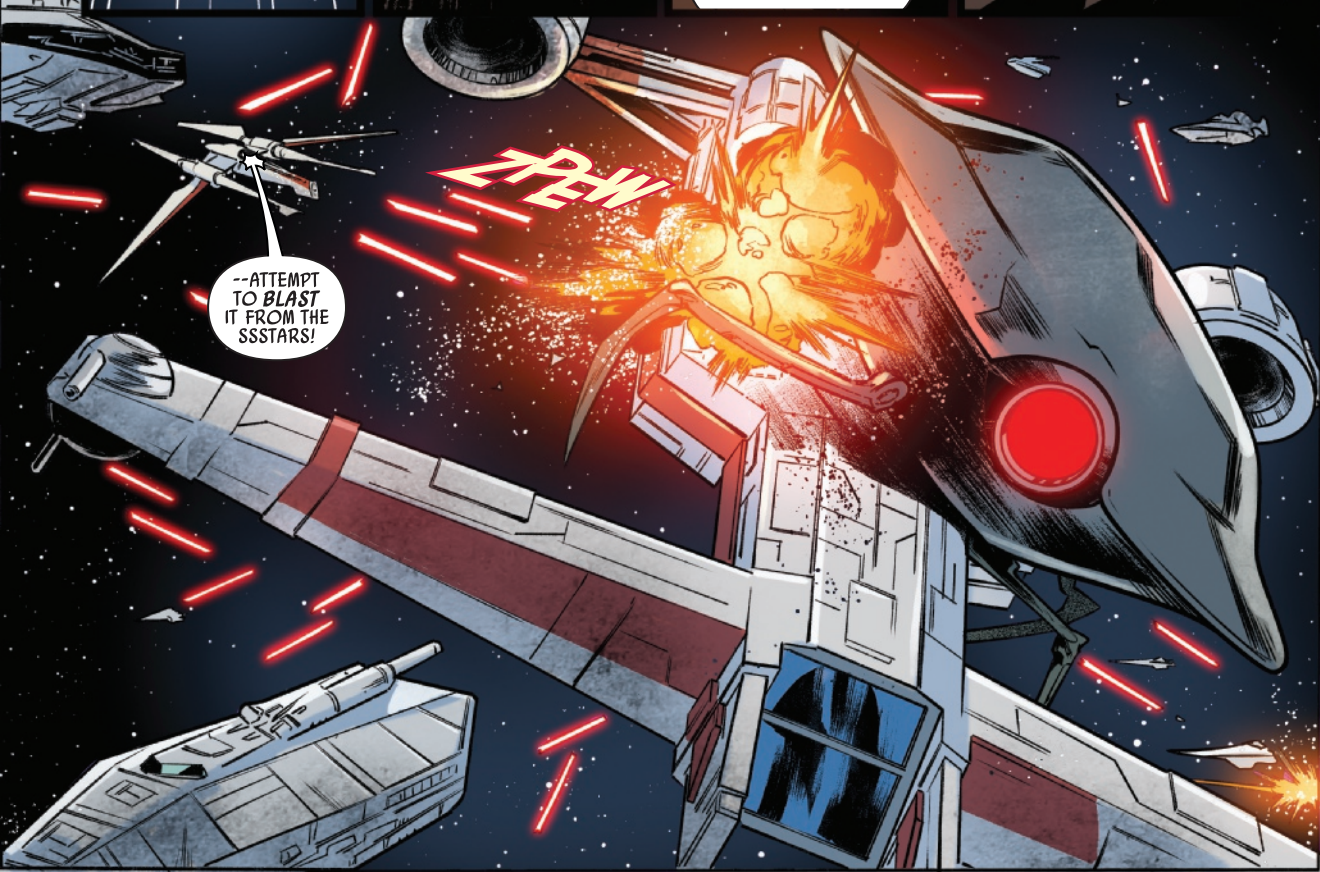

JEDI YELOOC IS ATTEMPTING TO GET WHAT REMAINS OF ARCHIVIST ORBALIN TO SAFETY.

WHICH WOULD BE A LOT EASIER IF THE NIHIL'S FEAR ENGINE WASN'T MAKING SCAV DROIDS LOOK LIKE NAMELESS!

A JEDI MUSST ALWAYS FACE THEIR FEAR, AI-DAN.

OR IN THIS CASE--

--ATTEMPT TO BLAST IT FROM THE SSSTARS!

I'M NOT SURE THAT PEARL OF WISDOM WAS *EVER* IN THE SACRED TEXTS, SSKEER.

I'M PARA-PHRASING. MORE OR LESSSS.

MAYBE WE COULD TABLE THE DISCUSSION OF JEDI DOCTRINE UNTIL WE'RE *NOT* ABOUT TO BE CHURNED INTO SPACE DUST!

WHY DO I GET THE FEELING YOU'RE ABOUT TO ADD TO OUR WOES, VELKO?

NOT ME, BUT SENSORS *HAVE* PICKED UP MORE SHIPS DROPPING INTO THE SYSTEM.

REPUBLIC SHIPS FINALLY ANSWERING OUR CALLS FOR ASSISTANCE?

THOOM

"THAT'LL BE A NO.

"MULTIPLE NIHL FIGHTERS OF ALL CLASSES."

THE NIHL ARE STILL BLOCKING COMMS OUT OF THE SECTOR.

AND YET ARE STILL ABLE TO COMMUNICATE AMONG THEMSELVES...

...BOTH SHIPS *AND* SCAV DROIDS.
