

Ian's never been mad at me before.

It hurts more than I was expecting it to.

What happened to Jen is a reason to *keep* fighting, not give up.

How can he throw that in my face? I'm just telling him I believe in him!

Dang it, Patsy.

Now is not the time to give up on a friend.

Ian? Call me when you get this, okay? I'm sorry.

So. Hellcat is Patsy Walker.

Quite.

Dang, really? Like, *that* Patsy Walker? I love those comics.

And that *temp agency* for supers.

Change of plans...we can't *disappear* someone that notable, especially if she has a rolodex of magical do-gooders at her beck and call.

What are we here for, then? Let's get pizza.

Why not take out the rolodex?

Not a bad plan.

It's *great*. No bodyguards, no problem. If she ends up getting in the way, we can take out *one* little cat-girl.

Uh, no offense.

None taken.

All right. Let's take a peek into Ms. Walker's offices.

Lina, can you--

Excellent.

Send some more crew to keep her busy? Already on it.
