Somehow I always knew it would end like this.

Wait-- you hear that?

Chhtttt!*

**Roughly translated: "Attack, my Canadian cousins! Destroy the tiny men!"*

Squirrels?!

GHOMP

Squirrels!!

Eugh.

Quickly, before they merge together again!!

Is this one of the guys you fight in New York City, Doreen?

No, MOM. And you can just call it New York!!

You never told me about him.

This isn't "one of the guys I fight in NYC," Mom!!

SCHLOORP

SMACK

It's fine if you don't tell me everything that's going on, Doreen, but I want to be there for y--

This is a new guy Mom

I promise this is a new guy

Come on, we're getting out of here. Squirrels, on me!!

Wait, we're not staying to fight him?

Uh, you hit him and he splits into two smaller people. I know how this story ends...

...and I'm not sticking around until he's inside my friggin' lungs.

Swoosh

All right, I'll say it.

It's *weird* that your mom's rental cabin would be a super villain's lair.

Right?!

I don't understand why; there's nothing special about it. Of all places, why would he choose to go *here*?

...Because he didn't. Frig.

What?

Guys, what if those weren't the *only* versions of him running around? What if he didn't *choose* Northern Ontario, but we just ran into him because that's where *we* are? If he can split into tinier dudes...

...then there's no reason why they'd all have to stick together. He could be *everywhere*.

Exactly. And maybe he's here in the middle of nowhere because he's *already* expanded everywhere else.

We need to get into town.

See, what happens is he gets so small that air can carry him, and then you breathe in Engimo dust, and then you've got tiny Engimos in your lungs that smush together to form a larger but still pretty tiny Engimo inside your lungs. *Hard pass.*

The nearest town, not too much later...

Well, we're pooched.

I don't get it. How can there be more than one of him?

Anyone who can split apart and merge back together again has to be able to use their body like raw building materials. Split apart, visit a large enough buffet, merge back together, and you'll have enough biomass for a second dude.

Or two.

Or two thousand.

DOODLEY-DOOT

Huh?!

Doreen!! Was that your incoming text noise?

Dude, check it out! We're close enough to civilization that our phones can get a signal!!

TAPPITY TAP TAP

Q: How did Doreen avoid being seen? A: She scurried along the ground to the far side of the tree, and then leaped up to the branches, using the trunk as cover! We would've shown it but we've only got so many pages per issue, and we figured y'all already knew the specifics of tree-based stealth! You're Squirrel Girl readers. You got this!

SPIDER-MAN

hey anyone know what's going on?? same guy is everywhere at the same time? if it's cloning i'm gonna flip a table, omg

TONY STARK

Doreen, message me when you get this. We, uh, could use a hand.

THOR (LADY ONE <3)
