Unity is a covert super-team dedicated to protecting humanity from top-secret threats. Its core members:

NINJAK—Colin King, a sophisticated British super-spy who's mastered countless forms of armed and hand-to-hand martial arts combat.

LIVEWIRE—Amanda McKee, born with mental "psiot" abilities that allow her to communicate with computational technology.

ETERNAL WARRIOR—Gilad Anni-Padda, the immortal "Fist and Steel" of Earth, and an expert strategist and combatant.

As agents of the Global Agency for Threat Excision, a.k.a. G.A.T.E., Unity acts under the direction of American and British intelligence...headed up by their MI-6 liaison, Neville Alcott.
