THE SHERIFF OF BABYLON created by KING & GERADS

You may pick me up in the morning. Early. Let's say 6:00.

If there is any trouble, obviously reach me on the mobile. And have a good night.

You have your gun?

A gun? My god, Mohammed, you are not my mother.

Next you will ask me to pray.

JUAN, MY FRIEND, HAVE YOU HEARD FROM YOUR WIFE? SHE IS DUE SOON, YES?

YES, MS. SOFIA. I MEAN, I HAVEN'T HEARD.

BUT ANY DAY, MA'AM. YES.

WELL, YOU WILL LET ME KNOW. I WOULD LIKE TO SEND A GIFT.

GOD WILLING, IT WILL BE A BOY.

BOYS ARE ALWAYS SUCH A BLESSING.

No, no, we have no need for more money.

I pay the men very well already. Out of the contract money.

The contract money we have arranged is good, **Farhan**. A little extra for your men is **better**.

Translating for all these Americans can be such hard work.

"Just be sure to remind them, my dear, if they hear anything interesting..."

"Oh, of course, Sofia, of course. Do I not always call?"

The Americans have ordered a hundred, at least, of just Vodka, and 30 will not be missed.

Thirty crates for the most **beautiful** flower of Baghdad.

I love how you talk, **Ravi**, it always reminds me of **Salah Kabel**.

Watching the man up on the screen, whispering to his newest love.

Kabel was a **eunuch** compared to me, lovely sun. I have the energy of **fourteen Kabels**.

Ha-ha. Then you must keep this energy in your stomach, my dear, from how it is now growing and growing.

"Ha-ha. I must demonstrate where I keep the energy. You should not be alone tonight, yes?"

"Oh, Ravi darling, there are times a woman can be more productive by herself."

"But a good woman should never be alone."

"My dear, a good woman is **always** alone."
