So me and my Friends ~~invented EMP generators~~ Found some EMP generators lying around and tried to stop him, but it didn't work!

SO THANKS FOR NOTHING, THE UNITED NATIONS!

Message Oh and, AND, Doom also built DOOMBOTS (robot

duplicates of himself) and programmed them using a

weird "DOOMssembly" language he invented, so if we lose

and he takes over the world then all I can tell you about

it is that the commands are all variants of "DOOM" and it

looks like a real pain to program in, tbh

Okay, so: I'm Cody, and this whole thing started when a weird aunt nobody ever heard of died and left me...this. Behold: my inheritance.

No idea what it did, but it had a power switch and a trigger.

So I kinda... Fired it?

My first thought obviously was "Cool, invisibility ray!" But the tree was *gone*, guys.

Next idea: disintegrator ray, right? *Insanely dangerous.*

So I only used it a few more times.

Helped with keeping the place clean, you know?

But two weird things happened. First, nobody except me remembered the disintegrated things ever having been there...

But if we *never had* a garbage can in our dorm room, then *where* did we put the peels when we're done eating our bananas??!

...We've never needed a garbage can before.

Hello?!

Okay, weird mystery times, yeah? But *then*, it turns out a mysterious garbage can fell from the sky in the early '60s.

TODAY IN WEIRD HISTORY

"Local Man with Garbage Can"

My garbage can. Falling from right where this dorm would be built in Fifty years.

My actual go-to-the-library research showed the tree I'd originally blasted *also* showed up, a few weeks before my can did! The road had been moved sometime in the '80s, so when it was sent back to the '60s...

NEW YORK BULLETIN

FINAL

PRANKSTERS PLANT FULL GROWN TREE IN MIDDLE OF ROAD OVERNIGHT

COLLEGE PRANKS ARE POPULAR RIGHT NOW IN THE '80s, SO THIS MAKES SENSE, BUT IT'S STILL REALLY IMPRESSIVE

CLARE ONLY HAD THIS GOOD THOUGHT "GROOVY" POLICE CHIEF MADE FINGER QUOTES WHEN SAYING "GROOVY," WHAT A "SQUARE"

CLARE ONLY HAD THIS GOOD THOUGHT "GROOVY" POLICE CHIEF MADE FINGER QUOTES WHEN SAYING "GROOVY," WHAT A "SQUARE"

POLICE WARN PUBLIC THAT "TREES IN MIDDLE OF ROAD IS THE OPPOSITE OF 'GROOVY'"

...it was right in the middle of the street.

I didn't have a disintegrator ray. I had a *time machine!*

And it sent whatever I zotted to some random point in the early '60s, while *also* erasing them from history.

Anyway, I was kinda... Falling behind in my classes.

And ESU grades on a curve.

And it's *pretty obvious* that if the *other* students getting all the high grades had just *never signed up* for these classes, everyone *else's* grades would go up, right?

Only once I started, I found it really hard to stop...

If you go back to Volume 1 Issue 7 of this book, you'll see Cody in class there, almost like we planned this all along! Yes, we truly are excellent comics professionals and definitely not making this up as we go along.

Okay Cody, cool origin story, but this isn't really the time or place!!

Wait. We're stuck in the '60s about to be killed by Doctor Doom because you couldn't hack it in Friggin' databases class??

I'm so done with computer science guys, you have no idea.

the unbeatable **Squirrel Girl**

Starring:

Squirrel Girl

Nancy Whitehead

Old Lady Squirrel Girl

Doctor Doom

Doombots

Sent back in time by Cody because she was too good at computers!

Miffed at the perceived insult of not being sent back in time by Cody, even though her grades are still, like, pretty good. They're fine. They're fine!

Arrived From an alternate Future with Cody! She's Squirrel Girl, but a senior citizen now! I know! How great is that??

Came back in time to take over the world, and ruined the future for everyone but himself. Wow. Nice one, Doom.

Their programming doesn't let them understand this human emotion called "love"... but can any of us truly claim otherwise??

Also starring: Tippy-Toe, who is upset her character photo didn't make the cut, and who says it would've been a shot of her holding up a tiny dumbbell, only with acorns at its ends instead of weights. Dang, Tippy, that's actually super cute! Now I'm upset too!
