

There, I'm at the top! I can see the castle.

Well, what's it look like?

Well--

It ain't good news.

That's not very informative.

They're definitely hiding something in there. There are tons of guards.

Well, they must have captured Raven's group. And probably Katie's too.

Hey, look, when I crouch like this you and I are almost the same height.

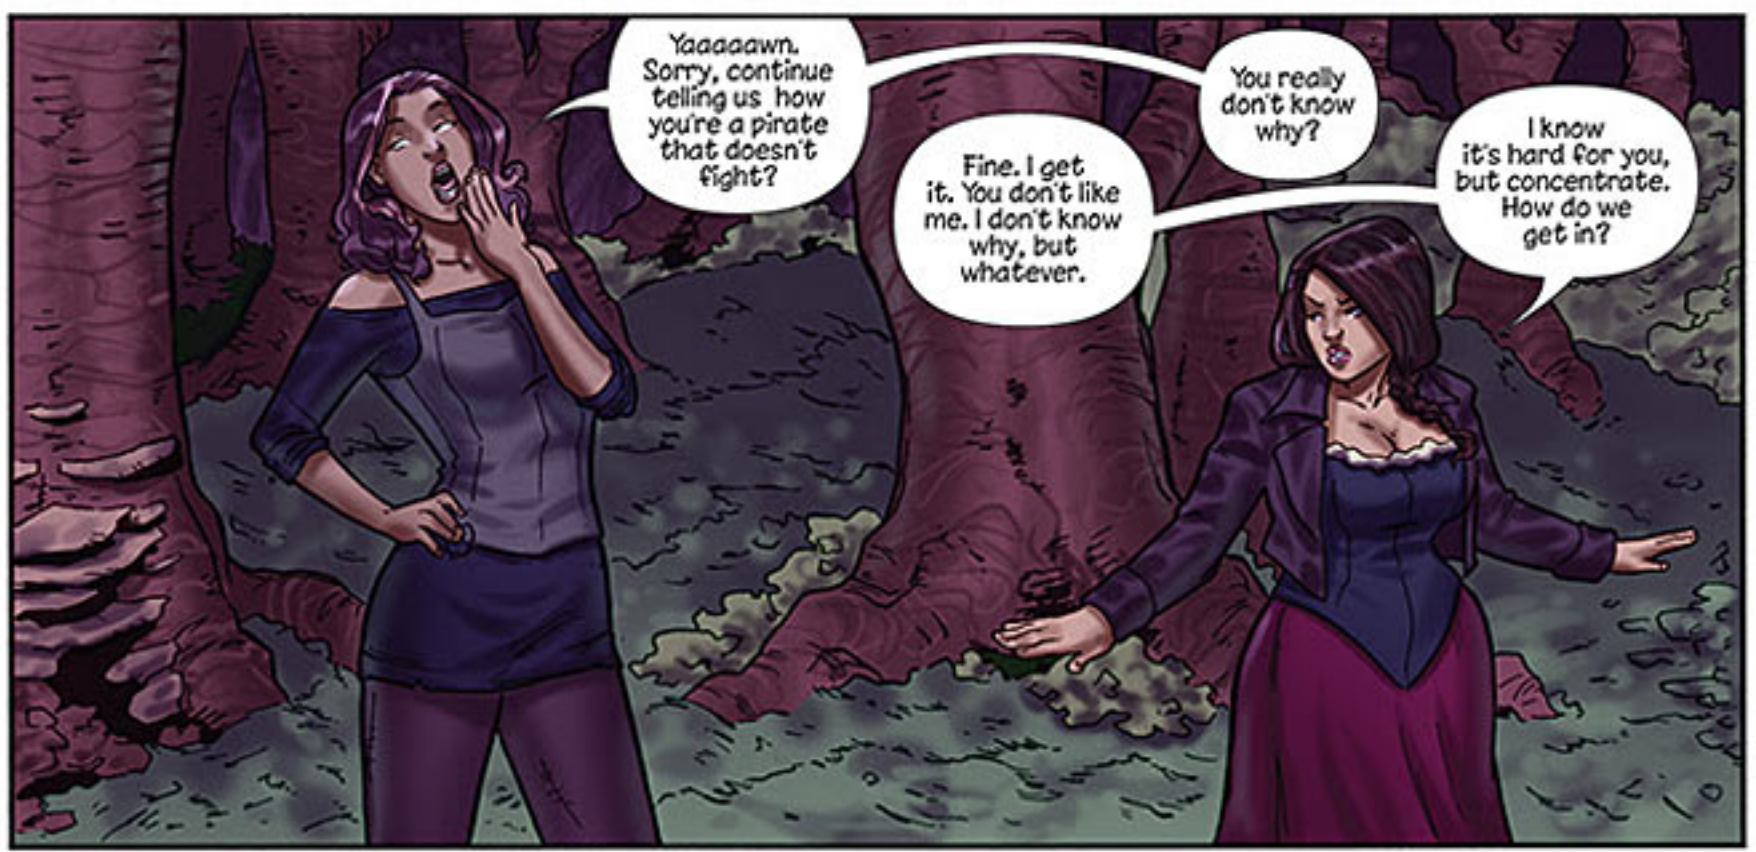

Joy.

What do we do, Sunshine? We have to get in there. There's got to be something better than just punching our way in.

I don't think we could. They have the high ground. Half our girls can't fight and you won't even try.

It's not about not trying it's--

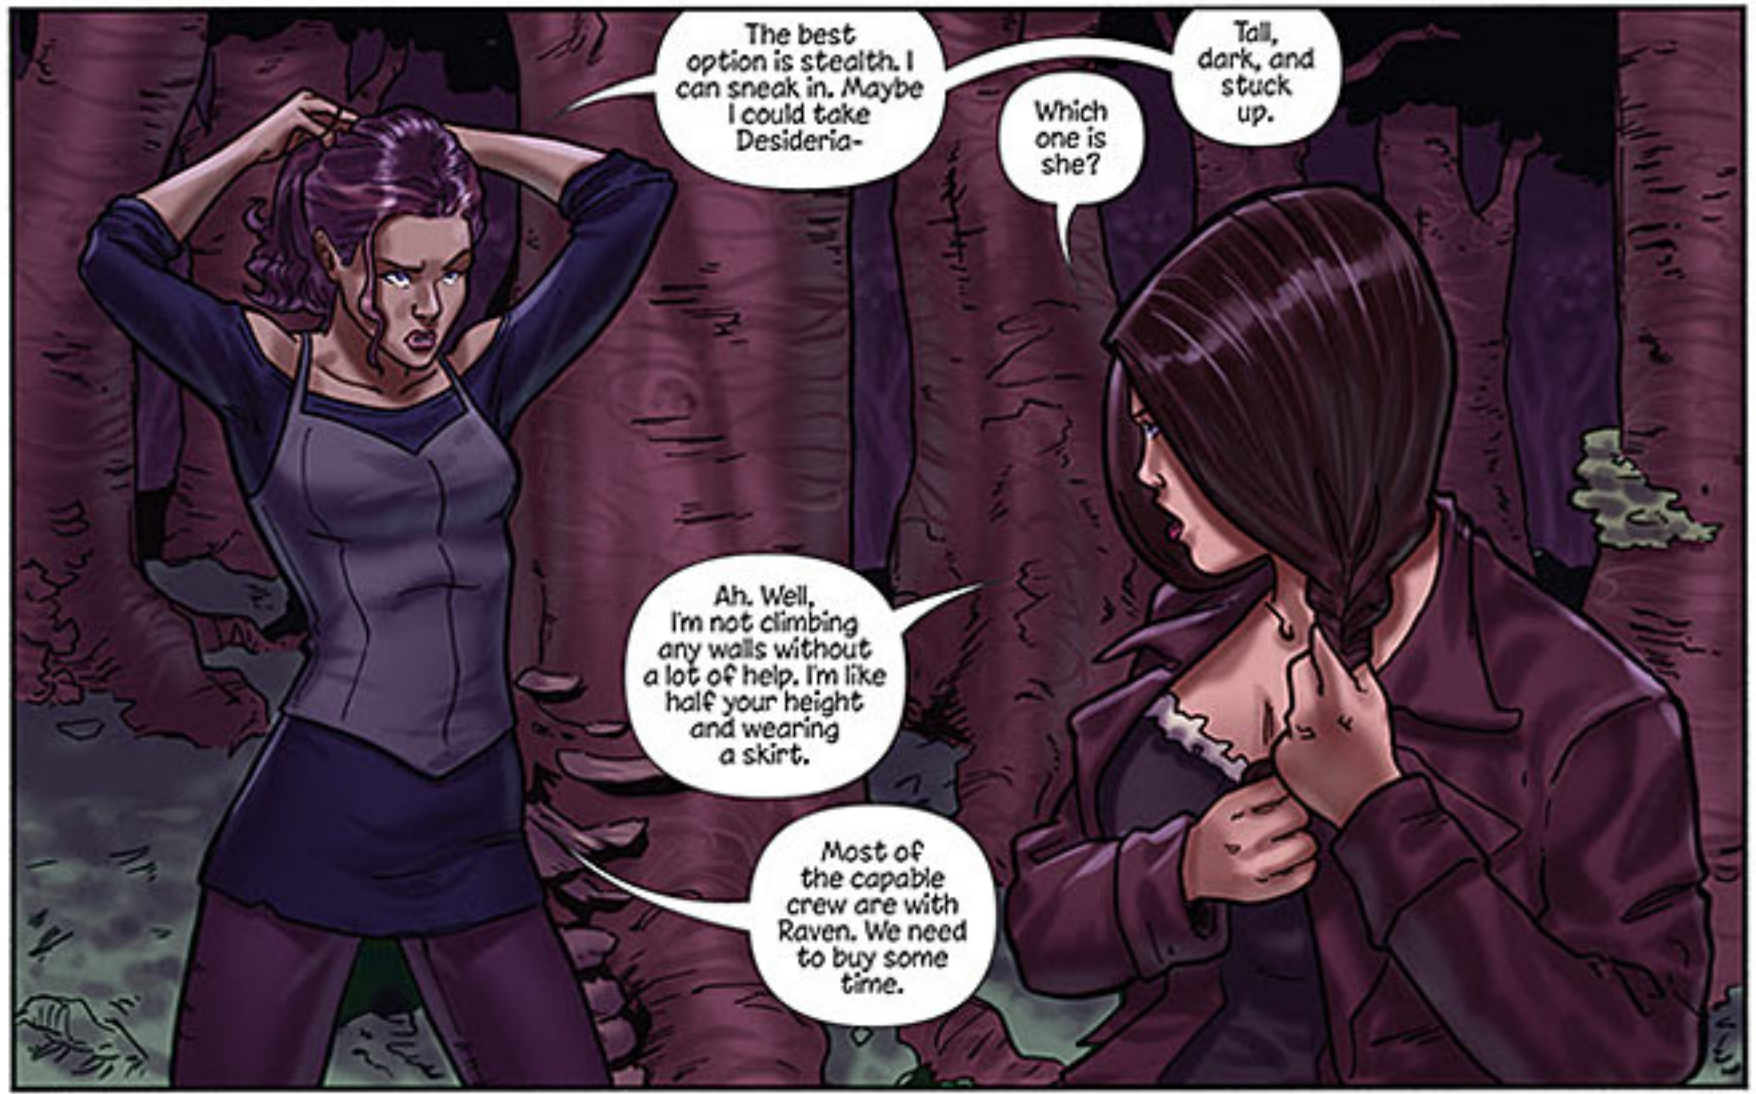

Yaaaaawn. Sorry, continue telling us how you're a pirate that doesn't fight?

Fine. I get it. You don't like me. I don't know why, but whatever.

You really don't know why?

I know it's hard for you, but concentrate. How do we get in?

The best option is stealth. I can sneak in. Maybe I could take Desideria-

Tall, dark, and stuck up.

Which one is she?

Ah. Well, I'm not climbing any walls without a lot of help. I'm like half your height and wearing a skirt.

Most of the capable crew are with Raven. We need to buy some time.

So, sister, thought you could track us down and take our fleet, did you?

It's my fleet, Crow! You stole it! And like a coward you didn't even face me!

A coward, am I? I'll come down there and slit your whiny little throat myself.

So, you would prove you're not a coward by proving you're a fool?

What?!

We have her AND her first mate. Loose the alligators and our problems are solved.

But go down there to slit her throat and pretty soon you'll cut her loose and give her a sword.

I say we watch our dear sister become alligator kibble and go back to ruling the seas. No need to make it personal.

Not personal? I'm your sister and you're talking about killing me!

Serves you right.

You were always such a bossy little girl. Tell me. Who's the boss now?

"Now there's no one to stop us from taking whatever we want."

Everybody get ready. Sunshine and Jayla should be back any--

Speak of the devil.

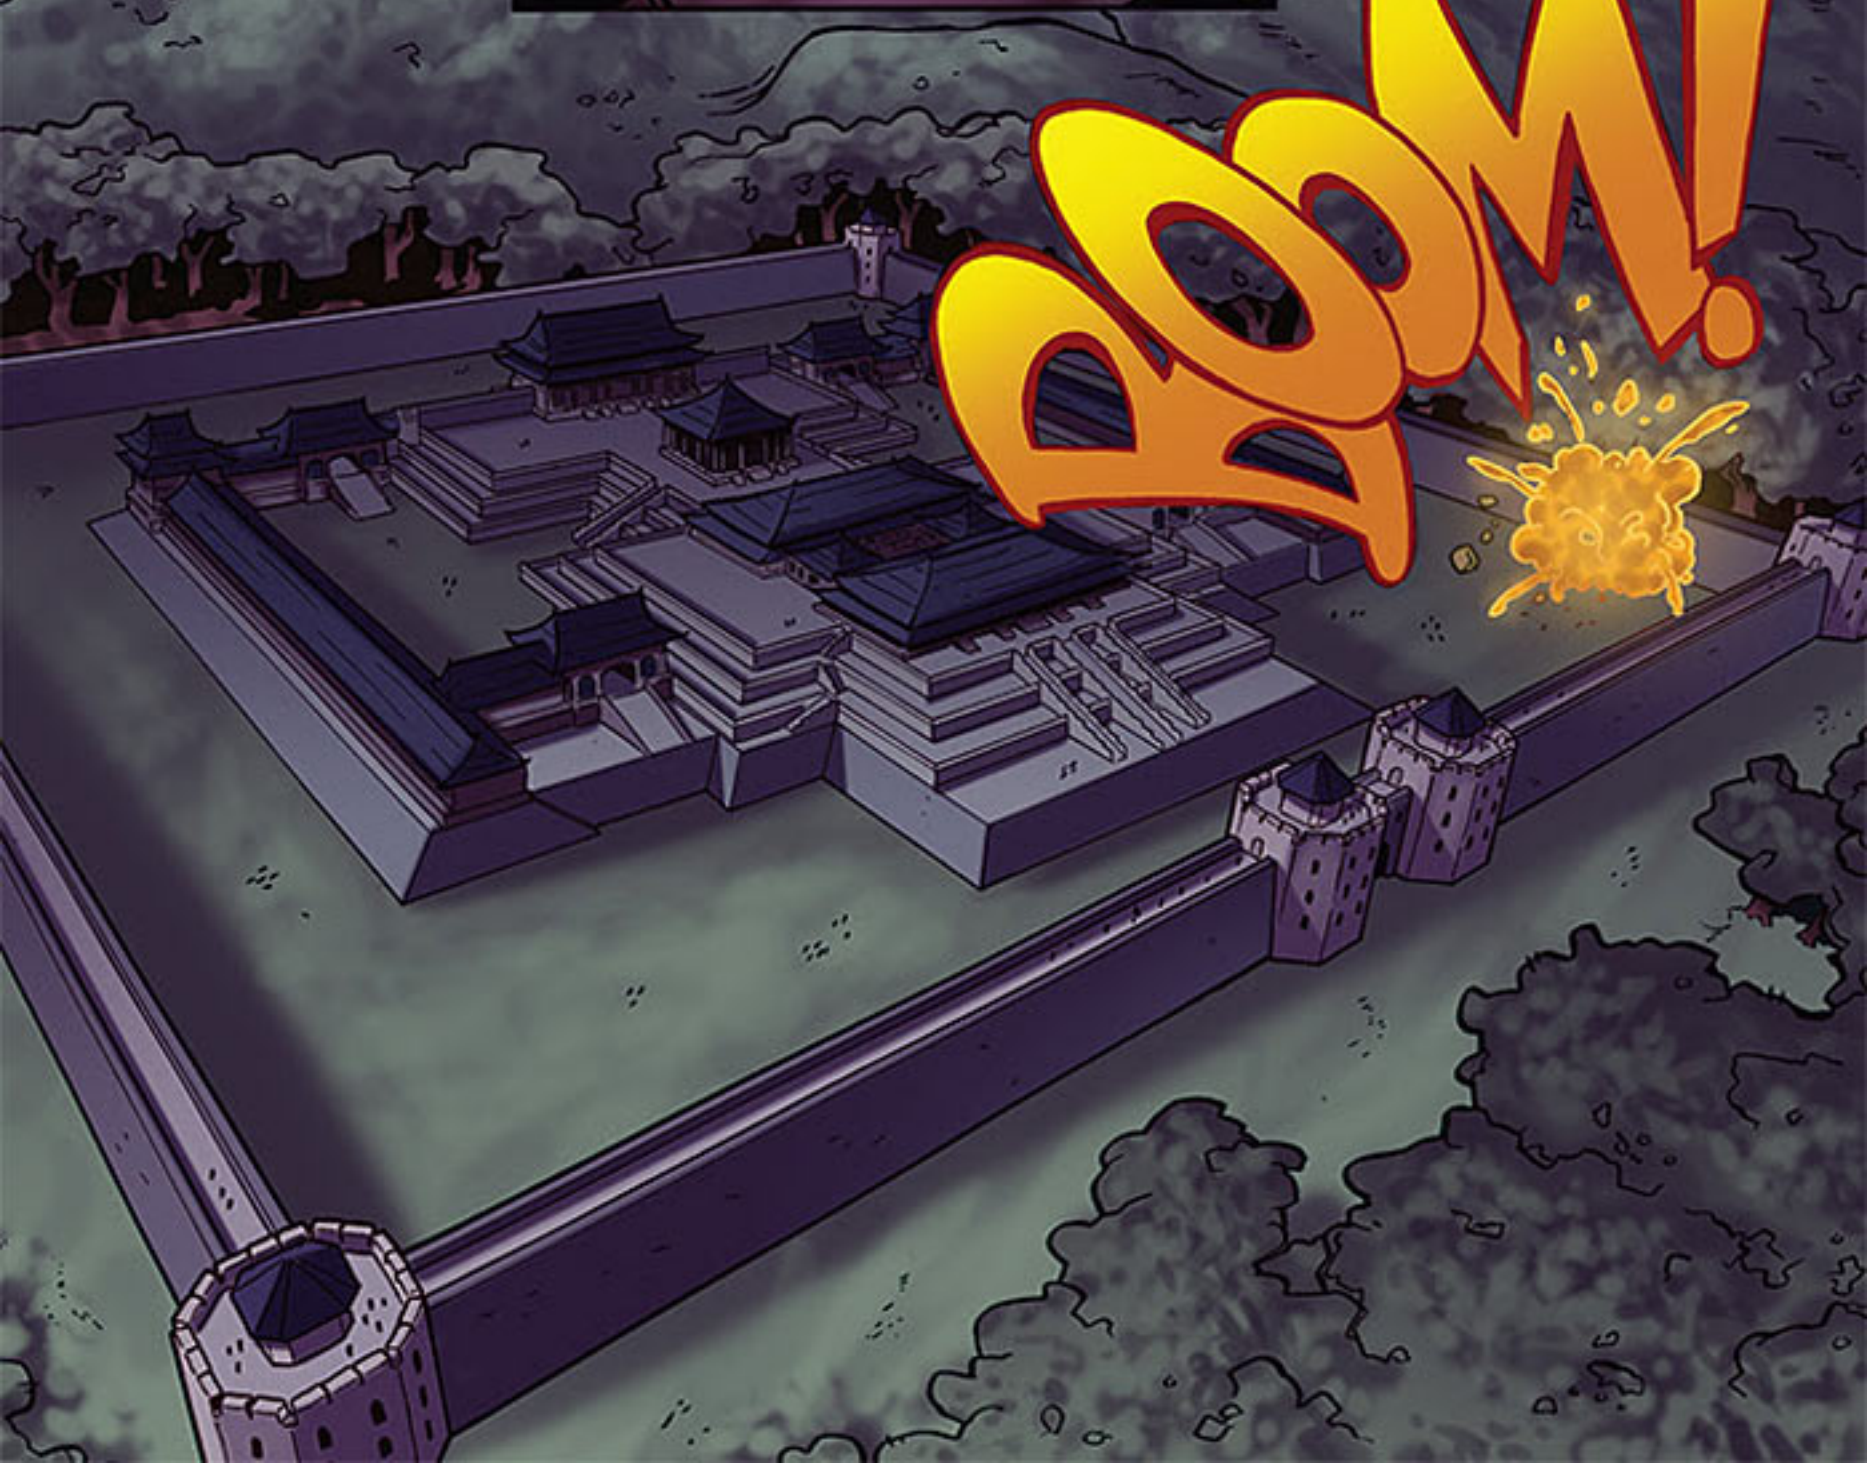

How much time do we have left, Jayla?

Three... two...

One.

On our way.
