

So, Dad used a magic gunk to wipe you from existence.

Looks like it.

And when we broke the statue the magic created, the spell broke, and it was like you've been in our reality this whole time.

Probably, yeah.

Which is also why there's all these monsters we don't remember either.

They come out your mouth.

BROS! Can you chill for a sec? This is kind of a **WORLD SHATTERINGLY UPSETTING** moment for me right now.

Sorry.

Totally fair.

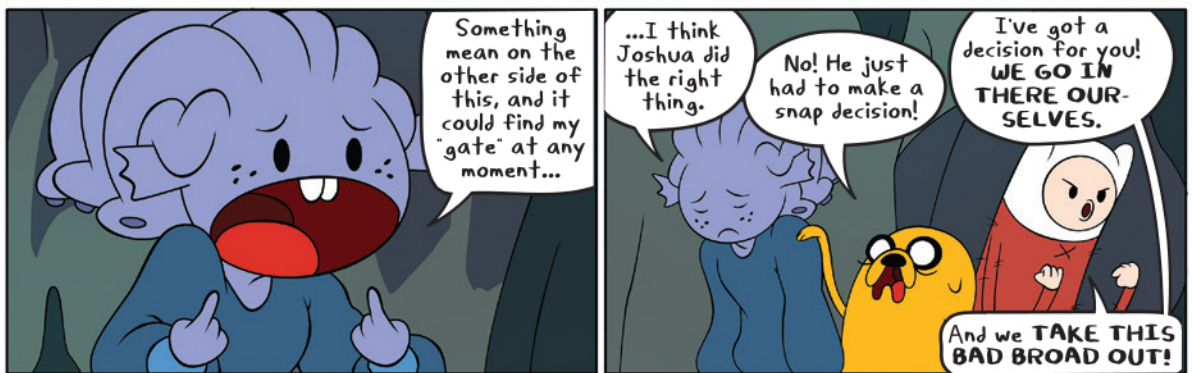

What do we do?

Well, you say we've been dealing with those thought demons our whole lives.

Why stop? I deal with a lot of stuff I don't like! That's life, **BAYBEE!**

Thanks, Finn. But you saw it's not just the little guys. There's something **TERRIBLE**.

Something mean on the other side of this, and it could find my "gate" at any moment...

...I think Joshua did the right thing.

No! He just had to make a snap decision!

I've got a decision for you! **WE GO IN THERE OURSELVES.**

And we **TAKE THIS BAD BROAD OUT!**

Go in...my mouth?

YEEEESSSS.

Eh, okay.

Since this portal you're carrying around in your chompers only activates when you're asleep...

Me and Finn will stay awake until you konk out.

Then we'll go in there, and use **THIS** on Miss Bad Stuff.

Careful with that **GOOP**, man! It's like the **ULTIMATE ERASER**.

Alright guys. This is scary... good luck.

Good night!

It's hard to fall asleep knowing that the two of you are going to jump in my mouth when I'm asleep.

Yeah, don't think about that.

Think of it as an inter-dimensional portal that just exists in the same physical space as your mouth!

We're gonna jump in **THAT**!

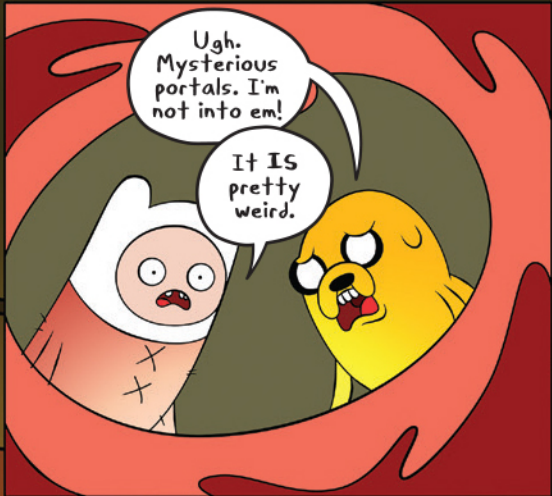

"Finn and Jake wait for their friend to fall asleep in their most thrilling adventure yet..."

"Shhhhh"

Wait, dude! It's happening!

Whoah!

Ugh. Mysterious portals. I'm not into em!

It IS pretty weird.

We've seen weirder though!

Or... equally weird!

We're brave boys! Come on, Jake!

BRAVE BOOYYYYEEES!

Brave boys.
