### LAST ISSUE:

The mini-galaxy of **Feudarnia**—an alternate-reality home for our Duckburg and Mouseton stars—is living year three of a ruthless siege! It's a constant attack by the **Meteormaster** and his **Meteorbeasts**—giant animals made of enchanted stone called **Dragonite**. The only hope of beating these monsters is the **Beastbusters** and their **Busterbots**: feisty local bounty hunters and the flying robot boats they have built for the purpose!

Is there a way to win this fight for good? Well... that's why ersatz Beastbuster **Donald Duck** was bringing the **Magneus Malleus**, a giant magic hammer, to Magicianeer Gyro Gearloose! But during a detour to fight a **Hawk Meteorbeast** in Quackburgh township, pernicious **Pegleg Pete** swiped the hammer for himself!

And evil Emil Eagle has some foul play in progress, too...
