# MOON GIRL AND DEVIL DINOSAUR

Lunella Lafayette is a nine-year-old prodigy living with her mom and dad in Manhattan's Lower East Side. Devil Dinosaur is a bright red time-displaced Tyrannosaurus rex. They are shunned and ignored by most, but for better or worse, they have each other!

Having solved an "impossible" puzzle called the Banner B.O.X. (Brain Omniscience Examiner!), Lunella is officially the smartest person on the planet! The eyes of the scientific community--and the world--are on her now. But not all attention is good attention: Doctor Doom is furious about being unseated as the world's smartest and vows to teach Lunella a thing or two!

While attempting to trace Doom's location, Lunella arrives on the doorstep of Doctor Stephen Strange just in time for her Inhuman ability to switch minds with Devil acting up!
