

JESSICA JONES

Jessica Jones, a former costumed super hero, is now the owner and sole employee of Alias Investigations--a small private investigative firm.

Jessica recently faked a fall from grace to help Captain Marvel lure an anti-super hero group out of hiding--a fall so convincing it alienated her from the super hero community...and her husband, Luke Cage.

A woman named Alison Greene, whom Captain Marvel incorrectly suspected of being a Hydra terrorist, took the bait--paying Jessica's bail and asking her to turn on her super hero friends.

Jessica was also hired by Sophie Brownlee, a distressed woman whose husband believed he was living in the wrong reality--and now it looks like the husband murdered Sophie. The police have him in custody, but he'll only talk to Jessica.
