DEADPOOL the DUCK

After noticing an extraterrestrial fast approaching Earth, S.H.I.E.L.D. sends Deadpool to investigate. Meanwhile, Howard the Duck is drifting on the road, going nowhere in particular, when his bad luck hits him - literally! Rocket Raccoon falls right from space into his car, totaling it. Even worse, Rocket's been infected with a mysterious disease called "space rabies," causing him to attack Howard. Deadpool arrives just in time to battle Rocket head-on, but when Rocket bites Deadpool's teleporter, it caused Deadpool and Howard to merge into one being...Deadpool the Duck!

Now, the Mallard with a Mouth is on a mission to get his life - and body - back. The not-so-dynamic duo grabs the unconscious Rocket Raccoon and heads back to the mysterious Roxxon space station...only to find that it was merely minutes from self-destruction. After a quick firefight with the Roxxon security agent Basalt, Deadpool, Howard, and Rocket are back to searching any Roxxon location they can find for answers...
