

"Good morning.  
You--hey, you  
awake?"

"Okay, cool.  
Listen up.

"I'm gonna be straight  
with you. Things are  
bad for you and your  
people right now.  
Bad all over.

"And...well, I'm not saying  
that things are necessarily  
going to get *better*...but  
you have the power to  
make the bad parts be  
over a little faster.

"Understood?"

"Now...before  
we get started..."

"There's this word you  
keep saying...and it just...  
it pisses me off that you  
keep saying it..."

"So, look...You aren't  
going anywhere good  
anytime soon. This is  
just you and me..."

"No bull [redacted]  
No games..."

"Let's talk,  
okay?"

And so help me God, if you say "vampire" one more mother [redacted] time...

Officer, I'm just--  
-scoughs- I'm just answering your questions...

Right...
