

I know I am blowing my whistle. I feel it rattle against my teeth. Taste the metal in my mouth...

But all I can hear is the crying.

Four Eyes crying.

Stop it please! Stop the fight!!

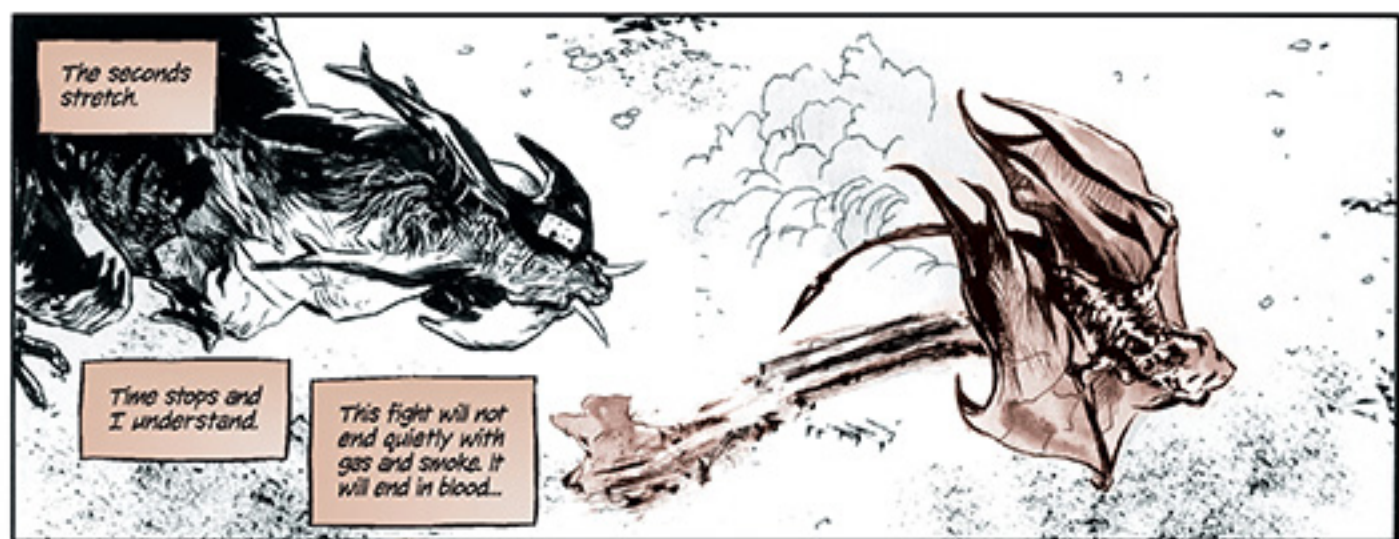

Your call, kid...

Sandy! Put them snakes to sleep! It's over!

Sure, boss... on it!

Whoops.

The seconds stretch.

Time stops and I understand.

This fight will not end quietly with gas and smoke. It will end in blood...

Four Eyes sees nothing. But I see it all.

I pushed Fawkes. Said things I shouldn't have.

He wants to finish us. Here and now.

My dragon is going to die. And it is my fault.

It is my responsibility... to make it right.
