

In every age, there is one person who possesses greater magical skill and power than any other being. This person is the **SORCERER SUPREME**, and they are this dimension's protector against any mystical mayhem that threatens it.

# DOCTOR STRANGE

AND THE SORCERERS SUPREME

## PREVIOUSLY...

Merlin, the Sorcerer Supreme of the Middle Ages, traveled through time to recruit Sorcerers Supreme from various eras, including Doctor Strange, to combat a powerful foe called the Forgiven. One of those Sorcerers, Sir Isaac Newton, used the Word of God — forbidden magic — to defeat the Forgiven and free the magicians trapped within it. However, he then turned on the Sorcerers, stealing the Spirit of Vengeance from Demon Rider and cutting off the Young Ancient One's arm with a tattooed map to the Fountain of Youth, before locking them all in the Forgiven's prison cell.

João, the Conjuror's brother, was among the magicians freed from the destruction of the Forgiven. He liberated the Sorcerers from the cell, only to have them fall into another trap set by Newton. Fortunately, they managed to escape, and found themselves in New York City, where the Avengers lay defeated by none other than Newton!
