Armor, get off of us and hover a safe distance above in the sky!

Whoa!

Sorry, Tippy, but that armor's our only ticket to the moon, and we can't risk it getting any more damaged in a fight. Speaking of which...

...who hit us, anyway?

Whoever it was, they knocked me to the ground so hard that I almost got--

Whiplash.

Okay, wait. Wait. Is your name "Whiplash," or are you describing the neck injury I nearly sustained??

Both. And believe me...

...you'll sustain that injury yet.
