

May I formally introduce myself, the leader of this cool Secret Squad of ours: Lord Lazertron the Third.

I'm Penny, like, The Hologram Queen of the Nine and a Half Ring Realms?

That...

...is such a cool name.

I'm, like, totally the magical master of all things, like, hologram or whatever?

Yo.

My true name can't be said by your weaksauce mortal tongues. So in this realm they just call me Hambone.

I'm the best hypnotic based bad boy wizard this side of Candy Kingdom! You can ask anyone! Even my mom! Now cluck like a chicken!

cluck cluck. I'm a chicken.
