

Super-Soldier. Avenger. Agent of Hydra. He is...

Steve★Rogers
CAPTAIN
AMERICA

Steve Rogers' reality has been secretly rewritten by Kobik, a sentient Cosmic Cube acting under the influence of the Red Skull. In Steve's new history, a Hydra agent named Elisa Sinclair enrolled Steve in a school where he was trained to believe in Hydra's ideals—and befriended a young Helmut Zemo. Later, Steve would return to the U.S. to become the first Super-Soldier and Hydra's ultimate spy, but he remained close friends with Helmut despite the distance—until Steve's ally Bucky killed Helmut's father, Heinrich Zemo.

In the present, Steve has won Zemo back, but Captain Marvel remains a thorn in his side. Steve is luring a massive horde of Chitauri invaders to Earth as part of his plan to increase Hydra's power, but Captain Marvel is nearly ready to implement a planetary defense shield that would keep them out. And elsewhere, Elisa Sinclair has mysteriously resurfaced...as Madame Hydra.
