

FRENCH ALPS

<Monsieur... with the wind chill, it will feel like minus twenty near the summit.>*

*translated from French

<You should expect whiteout conditions.>

<You must be careful out there.>

Not to worry.

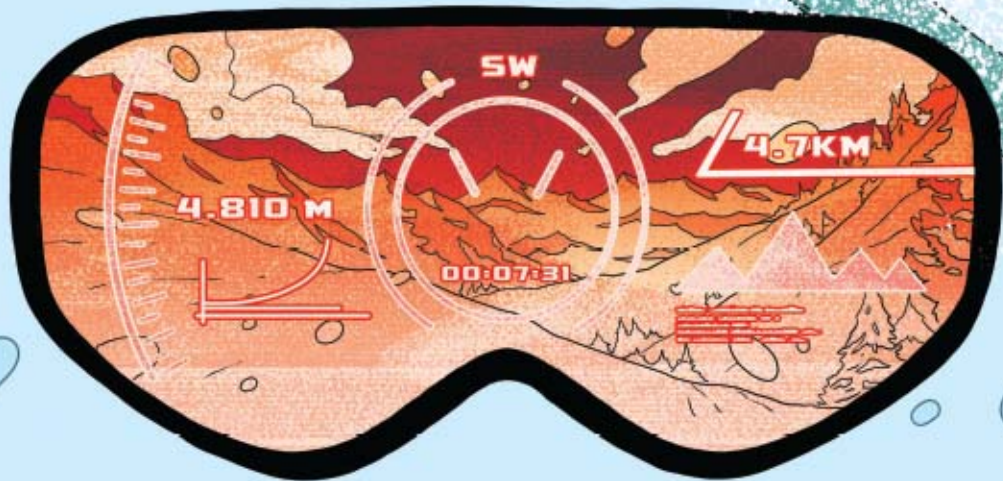

The cold suits me.

I like the sting
of winter for the
same reason I
like the burn of
bourbon.

Because
it numbs.

And in my line
of work, you
go numb...

...or you
go mad.

A full-page illustration of a man in a dark, form-fitting ski suit standing on a snowy mountain slope. He is holding a red submachine gun in his right hand. He has a serious expression and is wearing orange-tinted goggles around his neck. The background features snow-covered evergreen trees and a bright, hazy sky with falling snow. The overall color palette is dominated by blues, greys, and whites, with the red of the gun providing a stark contrast.

I'm here to
