Could use you  
in the cockpit,  
Cyclops.

Coming,  
Beast.

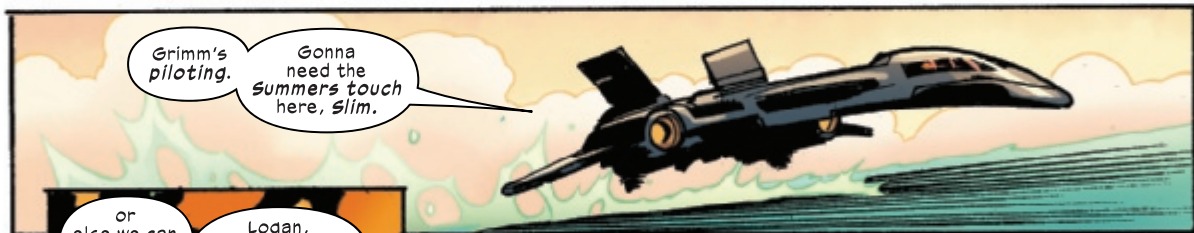

Scott...

Be  
careful.  
This could  
lead to a war  
that we do  
not want.

Not today,  
Professor.  
Logan, what's  
the situation?

Grimm's  
piloting.  
Gonna  
need the  
Summers touch  
here, Slim.

or  
else we can  
send Rogue  
to--  
Logan,  
please. You know  
I'm the best  
there is at what  
I do...

CHK  
CHK

...and  
what I do is  
precise.

Ben!  
They're on  
us!

Yeah, I  
got eyes, Stretch!  
We're almost at the  
coordinates!

Those  
X-creeps sure  
ain't takin' kindly  
to our little  
visit!

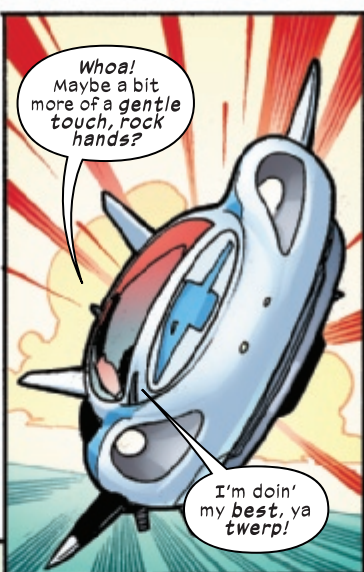

Johnny! Keep  
Sue's helmet  
sealed! The X-Men's  
telepaths only need  
a second to grab  
hold of us!

Calm down!  
I just want to  
make sure my  
sister is all  
right!

I'm okay,  
Johnny...  
just winded.

Let's get  
you back to  
100% so we can  
find the kids  
and head  
to--

Whoa!  
Maybe a bit  
more of a gentle  
touch, rock  
hands?

I'm doin'  
my best, ya  
twerp!

But it  
looks like  
they're  
playin' fer  
keeps--

ZARK ZARK

on, everyone,  
before--
