

# INTERNATIONAL IRON MAN

ANOTHER STARK INNOVATION

Billionaire playboy and genius industrialist Tony Stark was kidnapped during a routine weapons test. His captors attempted to force him to build a weapon of mass destruction. Instead, he created a powered suit of armor that saved his life. From that day on, he used the suit to protect the world as the invincible **IRON MAN**.

Recently, Tony discovered that Howard and Maria Stark weren't his birth parents. His search for his biological parents led him to Amanda Armstrong—his birth mother.

Amanda revealed that she was recruited by S.H.I.E.L.D. as a young musician, spying for the organization in exchange for the opportunity to record and tour across the world. In her travels, she met another agent named Jude, who saved her life when she was attacked at a concert in Germany.
