MY NEW FRIENDS

CASE NO.: 016004

CASE NO.: 016004
INVESTIGATOR: KATE BISHOP, A.K.A. HAWKEYE
CLIENT: ANNA DONNELLY

CASE OVERVIEW:

So, after a SUPER-disappointing reunion with my dear old dad (the guy is up to some super villain level shenanigans and I just can't even with him!!! See Exhibit A), I took a case to help a young girl, Anna Donnelly, find her father. And it's a good thing too. Her dad had racked up a mountain of debt and got himself trapped as a prize fighter in an illegal fight club.

DETAIL OF EVENTS:

I infiltrated the club—I had to ditch hanging out with my friends to do it—and beat down every dude in the place (I have a lot of pent-up aggression right now, okay?). As good as reuniting Anna with her father felt, this case just served to remind me that I was avoiding some glaring problems in my relationship with my own dad, namely that he might have killed my mom and is DEFINITELY in cahoots Madame Masque, who's probably my worst enemy ever...

ACTION TAKEN:

I can't REALLY blame Derek for working with Madame Masque, though. She's my superior in every sense of the word. And allying with her has only furthered his desire to attain power. If I were half the strategist she is, I would have seen the connection between her and Derek months ago. It was SOOO obvious that Masque's LMDs were behind the Aggregate drama. But the fact is, she always manages to stay one step ahead.

ADDITIONAL NOTES:

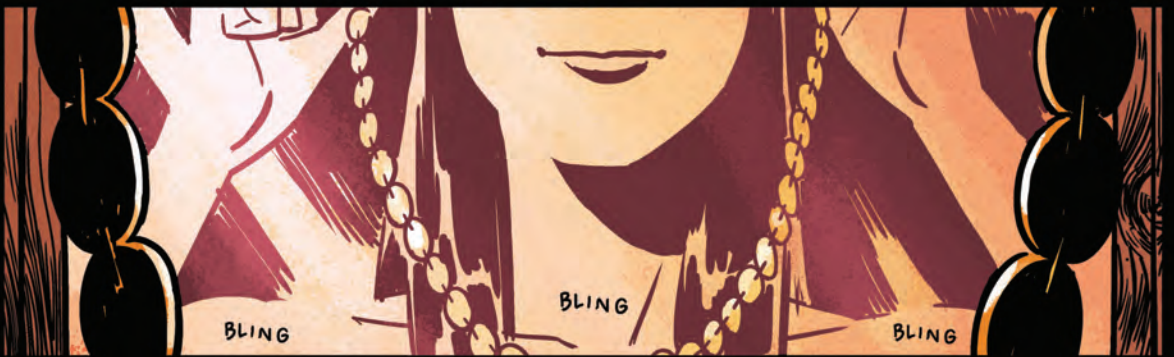

Derek did make mention that there's something special about the Bishop bloodline—that it holds the potential for super-powers. With Madame Masque's personal quest to attain powers for herself, I can only assume she'll try to exploit this information...
