Today's the day!
It's finally here...
the Summer Sun Festival!

It's not that exciting.

And, I have planned the day perfectly.

Look here, carnival games. We *have* to win something for Eugene!

Oh. And candy apples. Fruit is already basically candy but they *candied* it more!

Oh no. You're going to try and *make* it exciting, aren't you?

Did you know there's a cheese rolling competition? I don't even know what that *is* but isn't it *wonderful*? I mean, who doesn't like cheese? Cass, you'll be on my team, right?

As your lady-in-waiting and friend, I *am* your team.

Oh, and the guards have set up an obstacle course, so you *know* we'll have to try that! A whole day of new things to try with my best friends... Best. Day. Ever!

And first up, carnival games!

No! Why? We're supposed to do all the games before the obstacle course contest at noon! And we need to do the obstacle course at noon so we can do the cheese rolling at one!

The games usually aren't ready this early. Why don't we do something else until then?

We could go see Vlad's puppet show. He has been planning it for months.

No no no. The puppet show is on the list for later. We'll catch the matinee.

Puppet shows have matinees?

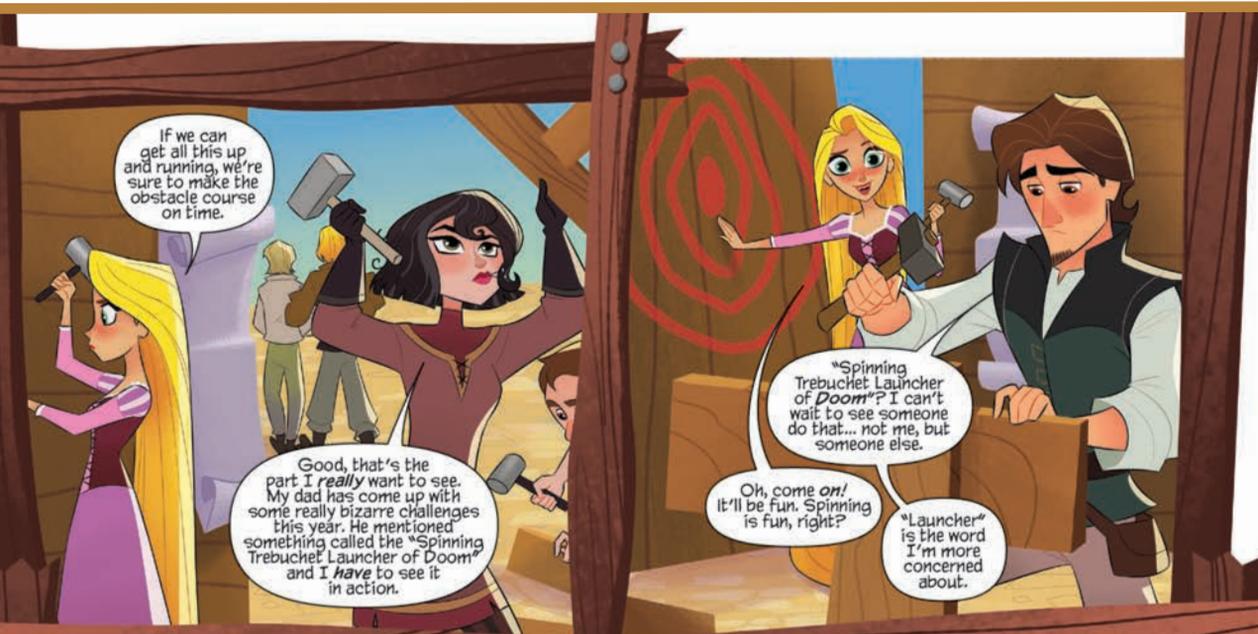

This is an easy fix. We'll just chip in and help get the games area up and running!

Or... we could leave the heavy labor to everyone else and go get candied apples?

Or we could help the fine people of Corona build carnival games...on our day off. It will be great!

If we can get all this up and running, we're sure to make the obstacle course on time.

Good, that's the part I *really* want to see. My dad has come up with some really bizarre challenges this year. He mentioned something called the "Spinning Trebuchet Launcher of Doom" and I *have* to see it in action.

"Spinning Trebuchet Launcher of Doom"? I can't wait to see someone do that... not me, but someone else.

Oh, come on! It'll be fun. Spinning is fun, right?

"Launcher" is the word I'm more concerned about.

EEP!

Rapunzel!

Good thing we were here! That wall wasn't safe! We should help reinforce it before we leave. Safety first!

We can take care of that, Princess.

No! We can do it!

Well, okay, but we should try to get out of here soon. The obstacle course is about to begin, and I *REALLY* want to be there to see all of dad's hard work.

Why don't you go on ahead and we'll meet you there?

No can do, I'm responsible for keeping Raps safe.

Pfft. I can do that.

Oh, stop it you two. Cass, we have *plenty* of time! We'll do this, play a few of the games and head right over! We can probably even knock a few things off the list on the way to the arena and free up even *more* time!

Ooooooh, we could add in checking out the exhibit of exotic tapestries.

Tapestries?

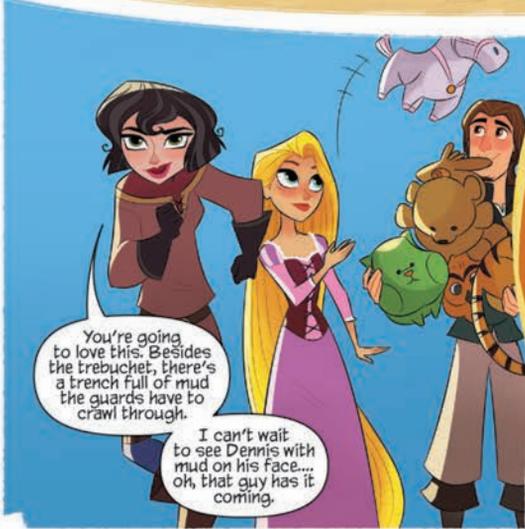

Okay, champ, time to wrap it up. The obstacle course is starting in a few minutes.

She's right... I think it's time to make sure that there are enough prizes left over for the rest of Corona.

Yes! Perfect. Let's head over.

You're going to love this. Besides the trebuchet, there's a trench full of mud the guards have to crawl through.

I can't wait to see Dennis with mud on his face... oh, that guy has it coming.

OH! Candied apples! Let's get some snacks for the show. It's on my "perfect day" list!

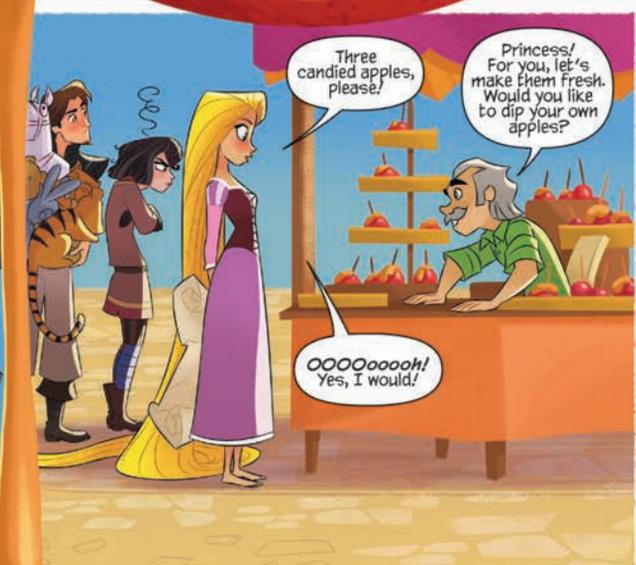

We're already running late, Raps...

We might miss the introduction of the contestants....

I guess one more minute won't hurt.

Who needs to know everyone's name anyway, right?

Three candied apples, please!

Princess! For you, let's make them fresh. Would you like to dip your own apples?

OOOOoooooh! Yes, I would!
