Another world, another time . . . In the Age of Wonder.

A thousand years ago, the land of Thra was lush with life. When the great crystal was cracked, a single shard was lost and it became the Dark Crystal.

The disruption led to the formation of two new races: the cruel Skeksis and the gentle Mystics. The Skeksis took control and decimated the land. The world must be healed, or pass forever into the rule of evil.

Join Jen and Kira on an adventure through Thra to find the missing shard, discover the beauty of this mystical world, and restore the sacred crystal!
