

LANDO

Part III

It is a time for cunning and guile. LANDO CALRISSIAN, along with his team of longtime friend LOBOT, alien clone warriors Aleksin and Pavol, and antiquity specialist Sava Korin Pers, was tasked with stealing an Imperial luxury yacht in order to pay off a past debt. Unbeknownst to Lando, the ship belongs to EMPEROR PALPATINE himself.

No challenge too great for Lando, the crew deftly escaped the pursuit of Imperial Star Destroyers only to find out too late that the yacht was protected by deadly Imperial Guards. Before the team could react, Lobot was greeted with the full force of an Imperial Guard's staff.

Now this crew of thieves must do what they can to save their friend, escape with the yacht, and survive the pursuit of a dangerous new foe....
