

SAN PEDRO SULA,  
MEXICO. NOW.

¡LOS  
DEMONIOS  
REGRESARÁN...

YEAH.

OLD  
DEMONS  
ALWAYS  
RETURN.

LOS ANGELES,  
CALIFORNIA.  
THEN.

"THE DIFFERENCE BETWEEN  
STUPIDITY AND GENIUS IS THAT  
GENIUS HAS ITS LIMITS."

EINSTEIN.

I LIKE HOLBROOK  
JACKSON BETTER.

"GENIUS IS  
INITIATIVE..."

LA  
STRONG

WE SUPPORT  
THE LAPD

YOU ARE  
NOT  
THE LAW

...ON FIRE."

The Siege of  
Los Angeles  
has ended.

There will be no  
fighting on the  
streets of South  
Central tonight.

For three days, the alleged  
'greatest military mind of  
our generation' wielded the  
united gangs of L.A.  
like a weapon, with the  
sole purpose of sending a  
message: "If you forget  
that Black lives matter,  
ever again, we will remind  
you with blood."

Message  
received.

That mind  
belongs to  
17-year-old  
Destiny Ajaye.  
Brilliant.  
Dangerous.

She has  
surrendered to  
an agent of  
the clandestine  
government agency  
known as the  
Madrasa Institute  
in exchange for  
no further police  
action being  
taken against  
her soldiers.  
Her people.

She will not be tried.  
She will not go to prison.  
Talent such as hers is  
not to be wasted.
