

The last time I went into town, some awful things were set in motion.

But, I guess I'm starting to learn they'd maybe been set that a way for a long, long time.

Hate that old is damn hard to break, and Lord knows I can't change what's already been done.

But, I mean...what's the fuckin' point of being immortal if you're just gonna keep on doing the same stupid [redacted] the whole time?

No. It's gotta stop. Come hell or high water...

...The [redacted]!

...this ends tonight.

You right to be angry, Father Landry. But what my boys done to you's been done and I ain't here to fight you on it...just let me get mine and get on outta here.

Look at you pleading! Haha!

I never thought I would see the day! Big bad JV Bowman shaking in his boots. Scared of a Landry!

Now, son... I don't want to hurt you, so you take the chance I'm givin' you before this gets heavier than you'n carry.

You might be stronger than hell right now, but you ain't never been in no fight worth a damn...

And I been killing Landrys before you's a dream in yer mama's head.

RRRAAGG!
GG!

YOU'VE DAMNED ME!

YOU HAVE STOLEN MY SALVATION!

I'm going to hell because of you people! I will not go alone...

Oh, [redacted] you...

BOOM

YOU WAS GOIN' ANYWAY!
