HOPE DIES

Part III

Queen Trios of Shu-Torun, instrumental in outfitting a powerful new fleet of Mon Calamari ships for the Rebel Alliance, has betrayed her new allies by sabotaging their cruisers' vital systems and selling the rebels out to the evil Galactic Empire.

Although Trios has evaded capture by Princess Leia, the rebels have discovered that the devious queen's sabotage did not disable the fail-safes of their hangar bay doors, which will unseal should any fighter broadcast a rebel signal.

With comms systems down across the fleet, the Rebellion's only hope for survival rests with Han Solo's ability to fly his way through the battle and deliver that information to Luke Skywalker and the other pilots. But first, Han's got to shake Darth Vader off his tail....
