DEATH'S HEAD

About four months ago, Yondu Udonta dumped freelance peacekeeping agent Death's Head on Earth, resulting in a power failure that left Death's Head vulnerable to villains like a teenage punk band, who dismembered his robot body and turned him into their amplifier.

Insulting, yes? When Death's Head's system came back online, he attacked the crowd—which included former Young Avengers Wiccan and Hulkling. Wiccan wish-spelled Death's Head to power down, but reboot was inevitable. And when he woke, Death's Head found a souped-up, young-looking version of himself hidden under the heroes' mattress.

Wiccan's been doing some secret magical Googling. And somehow, Death's Head—and/or his handsome upgrade?!—is tied very closely to the future of the Avengers. Now the son of the Scarlet Witch has some explaining to do...
