A large, pink, cartoonish foot is shown from a side profile, resting on a grey floor. A tiny ant is on the foot. The foot is the central focus of the page, with several text boxes containing dialogue or commentary.

Okay, here's  
a thing that  
drives me nuts...

Whenever people  
talk about me or  
my powers, there's  
always some idiot who  
pipes up with this:

"Ant-Man?! So he  
shrinks down to the  
size of an ant or  
somethin'? That's dumb!  
I'd just step on him!"

→Sigh For  
the bajillionth  
time, that is *not*  
how this works.

Even when I shrink,  
I maintain my human-  
sized strength.  
Not only that--

--but recently I discovered  
that I can use my Pym Particles  
to actually increase my strength  
and density as I get smaller.

It's tricky,  
but point is,  
if you ever  
step on me--

--this is what happens.

AH!

Parren Cross.

Parren Cross is alive!

This guy is the entire reason I got to be Ant-Man in the first place--

Scumbag tech industrialist who killed homeless dudes and took their hearts to keep himself alive.

'Til we fought and he died of a massive coronary. But, as always, it apparently didn't stick!

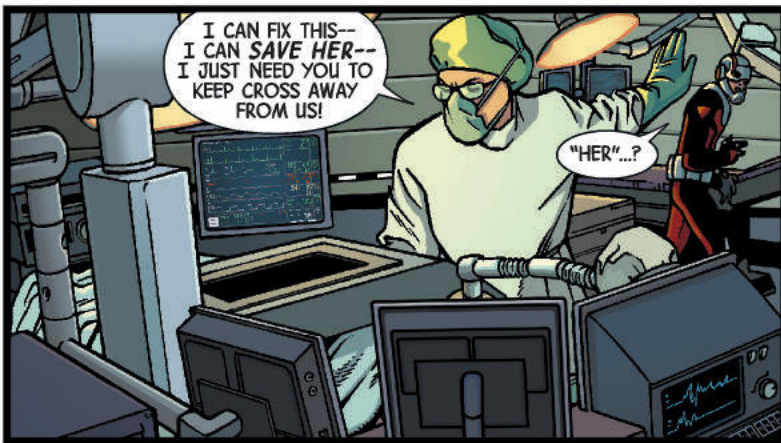

Is it hypocritical of me to hate the revolving door of death?

Either way, before I can even ask how this could possibly get worse--

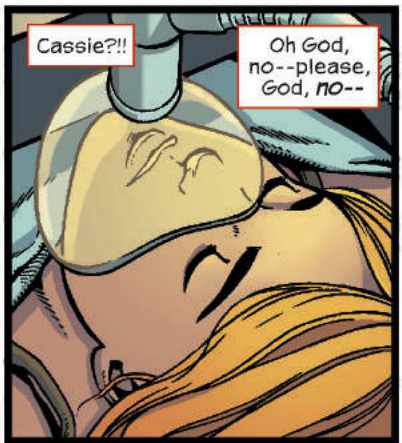

I get the answer.

DOCTOR SONDEHEIM?! STAY BACK--

I CAN FIX THIS--  
I CAN SAVE HER--  
I JUST NEED YOU TO  
KEEP CROSS AWAY  
FROM US!

"HER"...?

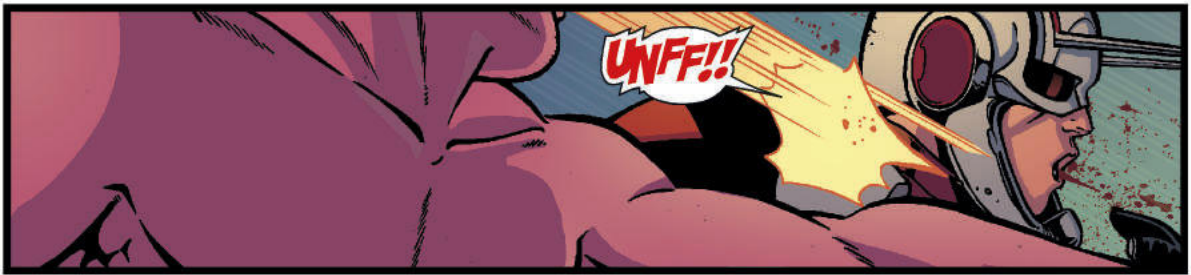

Cassie?!!

Oh God,  
no--please,  
God, no--

Not  
again.

I'VE  
BEEN ASLEEP  
FOR SO LONG,  
LITTLE ANT--

**UNFF!!**

**UGH!**

KIND OF  
YOU TO BE  
HERE FOR MY  
AWAKENING.
