

The entire galaxy is a mess. Warring empires and cosmic terrorists plague every corner. Someone has to rise above it all and fight for those who have no one to fight for them. **PETER QUILL**, a.k.a. **STAR-LORD**, **GAMORA**, the most dangerous woman in the universe, **DRAX THE DESTROYER**, **CAPTAIN MARVEL**, **VENOM**, **ROCKET RACCOON** and **GROOT** are the...

GUARDIANS OF THE GALAXY

PREVIOUSLY...

With the battle for control of the Black Vortex now finished, things seem to have settled down a little bit for the Guardians. But with the end of chaos comes inevitable change.

For one, Peter Quill, a.k.a. Star-Lord, is now engaged to the newly cosmically-enhanced Kitty Pryde, who submitted to the Black Vortex to save the planet Spartax. With Peter's new fiancée in tow, one would think that all thoughts would be focused on the couple's upcoming nuptials. But in all the mess caused by the Black Vortex, Peter has conveniently forgotten about other recent events on his home planet of Spartax... like his election as their new president.

A reluctant Peter may have been convinced to take up the new title—which he never even asked for in the first place—had a planet not suddenly appeared in the sky above Spartax!
