

I often think
of how I'll
meet my end.

The end of
a sword...

... perhaps
a poisoned
drink...

... hell, even a
gunshot from a
jealous wife...

... but, "eaten by
a shark" never
even cracked my
top ten.

And I intend to keep it that way.

... gotta get a better weapon...

... it may not be the biggest blade...

... but, as many a man has said, "Size isn't everything!"

GLURG!

DAMNI!

Looks like
"fish food"
is moving up the
list...

... in fact,
it might...
just be...

... number
one...

.....?
