

Hey, where's the birthday boy?

Same as always.

"Missing."

JONES ESTATES

You know you can't hide from me.

Not you-- Them.

You're one of "them", silly.

That's what's so depressing.

Renato Jones, cheer up.

You're about to inherit more money than most people make in a lifetime.

You have everything you could ever want.

Not everything, Bliss.

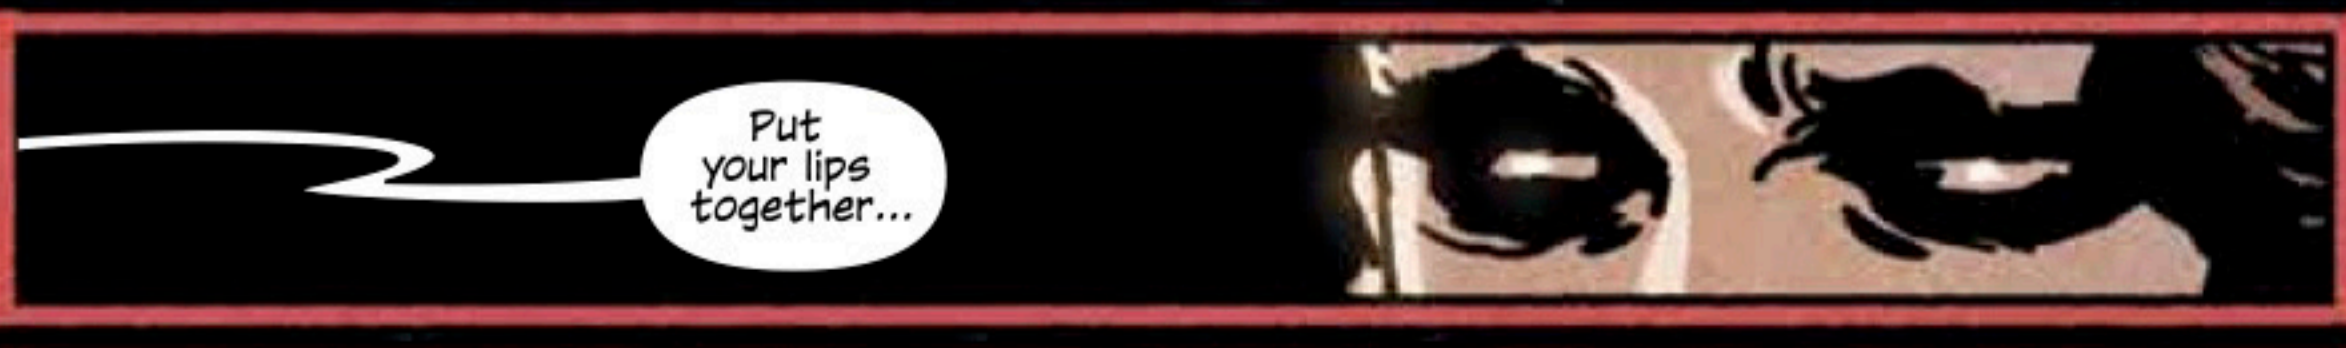

That's the spirit.

You remember how to make a wish, don't you?

Put your lips together...

...and blow.

THUPPA
THUPPA
THUPPA

Renato!
Dude! Glad you
changed your
mind, dude.

When Bliss
told me you
couldn't make it
I almost took
it personal.

CARIBBEAN SEA

Meet Douglas
Bradley. Hedge
fund manager
and self-described
philanthropist.

A man who likes to
surround himself with
servants, yachts,
helicopters, anything
he can own.

Then
welcome
aboard the
Apex,
dude.

Biggest
in the
Caribbean.
That's what
she said.
Ha!

Turns out
he can own
a lot.

Because in
today's world
everything
has a price.

My business is
always personal,
especially with
Bliss.

But you
found a reason
to make the
trip.

I did.

Cameron
will show
you to your
room.

Take it
easy on her
dude, she's my
favorite new
thing.

As long as you're
prepared to *pay*.
