You Four, you lucky Four, have been chosen to help Fulfill Master Long's destiny. Your destiny is to join the circle. Your training begins today

But... where's Master Long?

He awaits you at Twilight's Bastion.

?

But... we were told to meet here. Where is Twilight's Bastion?

Up there!

Easy for you to say, you're a bird!

It's not like I can fly up there!

Are we sure there's no ladder or stairs? Or rope!

The Giant Tree tribes use balloons and baskets. Got any balloons in your pouches, horse?

Neigh.

Yikes...!

Hang in there, kitten!

Thanks.

*CRUSH!*

I used to hate this part.

Show off!

We should be out looking for stars!

I heard you the first time.

Master Long said to fetch him stars and we come home empty handed.

We need his counsel. We need to know more about the rabbits.
