A total obsession with power drives him — to control the forces of the universe.
He is the Mad Titan. He is...

THANOS

Thanos is dying. Searching for a cure, he has raged across the universe, but found no succor. Many across time and space would gladly see Thanos dead, including his son, Thane. Under the guidance of Death, Thane betrayed his former allies, Starfox, Nebula, and Tryco Slatterus, in order to harness the power of the Phoenix Force and exact total revenge upon his father.

Using the Phoenix Force, Thane blasted Thanos with all the rage and power at his disposal, then usurped his father's throne, cursing Thanos to eke out his remaining days as a mortal. The Mad Titan is no more.
