THE INCREDIBLE HULK

WORLD WAR HULK II PART III

Super-genius teenager Amadeus Cho cured Bruce Banner and took on the power and mantle of the Hulk!

While in self-quarantine in deep space, Amadeus responded to a distress signal from Sakaar, a planet Bruce Banner's Hulk once freed from tyranny. There, he competed in brutal challenges to overthrow the Warlord of Filia, who had enslaved the planet's nomadic clans. But the effort pushed him to his breaking point, and in order to save innocent lives, he had to let the Hulk take over.

Now a ruthless and arrogant Hulk has returned to Earth and declared war on his enemies. Amadeus was able to resist long enough to get the formula for gamma blockers to his sister, Maddy—but before she could use them to subdue the Hulk, he smashed her arm cannon. The Hulk is back in control, and he's not happy...
