# **CHAPTER THIRTY-THREE**

Us gods like to leave magic stuff lying around ALL. THE. TIME. Y'know for quests and junk? Impossible labyrinths, golden fleece, traps... stuff like that.

My brother Apollo and I left plenty when we were here before. So I'm going to hunt down some fancy artifacts or spells or somethin' that he left behind for me to use!

That way I'm not breaking the deal I made with my mom or Rosie.

You put TRAPS around camp, Diane?!

WHAT? They were for APOLLO! Not you mortals!

Not for my FAVORITE mortals anyway.

Barney? You okay?

I know she's your friend but...WHY does she need magic, Hes? She and Apollo caused so much trouble with it before!

Diane was...pretty out of control back then...but she's not like that anymore! You don't have to worry. I promise.

Trust me, okay?

We're here!
