FOREVER (NOT) ALONE

By Xiao Tong Kong

Okay, answer honestly, princess.

What's one thing that you want? Anything.

Marceline, did you really follow me out here to ask random questions in a mine?

Hey, you said I could come!

I did, but I didn't say you could distract me from mining the materials. We don't have all day.

Just answer the question!

Well, ruling a kingdom is a full-time job... and scientific advancements wait for no one, not even a princess.

So... you want... more time for science? Laaaaaame.

Hey, it's not just "science"! It's chemistry. Biology. Inventing something new!

Anyway, what about you?
