

*I guess this started at the Roundhouse. You'll know what happened by now.*

*But right before it all went wrong, you have to know.*

*They loved me.*

No, not me.

That was the problem.

They loved it.

*As long as I'm being a god, they always love me.*

THANK YOU.

NOW, THIS IS ONE I WROTE WHEN I WAS AT UNIVERSITY...

*There are some nights when they'll put up with a few songs, a few of my actual songs.*

*If we're in a place with seats, I may even chance some poetry.*

*Some nights...*
