

Raj is still out there.

My brother is still out there.

We can't just abandon him.

If it were one of you...?

Would you want to be left behind?

He's not dead.

All of you, stop.

There's no question. We're going to stage a retrieval... rescue, rather.

We would do it for any one of you. That is the protocol.

And while you're down there, you'll go to the cave. The original base generator is there. We need to get it up and running to buy us a few more weeks of power and air.

The cave is still quarantined, isn't it?

Hari quarantined it.

I'm lifting it.

You and Aaron go with Mia. Find Raj. And fix the generator.
