

STEPHEN STRANGE was a preeminent surgeon until a car accident damaged the nerves in his hands. His ego drove him to scour the globe for a miracle cure, but instead he found a mysterious wizard called the ANCIENT ONE who taught him magic and that there are things in this world bigger than himself. These lessons led Stephen to become the Sorcerer Supreme, Earth's first defense against all manner of magical threats. His patients call him...

DOCTOR STRANGE

The EMPIRIKUL, an interdimensional army, has destroyed almost all magic on Earth. Stephen and Earth's mages have scoured the planet in search of its last traces.

Meanwhile, the Empirikul's leader, the IMPERATOR, has discovered a terrifying monster in the cellar of the Sanctum Sanctorum. After a short confrontation between the two, Stephen and his allies arrived, ready for a battle that will decide the fate of magic forever.
